

SISTERHOOD

SIT-IN

OUR PLEDGE TO SISTERHOOD

We, the members and supporters of **Sisterhood Sit-In**, commit ourselves to dismantling systems of oppression and fostering environments where **Black women and sisters of all backgrounds** can thrive in peace, power, and prosperity.

Inspired by the trailblazing spirit of the Combahee River Collective, we pledge to resist racial, sexual, heterosexual, and class oppression. We affirm that the liberation of Black women signifies the freedom of all people, as we embody the intersection of multiple disenfranchised identities.

We vow to uphold our community with unwavering love and courage, embracing our collective strength to challenge the status quo. Our actions are guided by the wisdom of our foremothers and the needs of future generations. We commit to a holistic approach that nurtures body, mind, and spirit, ensuring every sister can achieve her full potential.

We will innovate, educate, and advocate for a just and equitable world with every tool at our disposal. Our love for each other is our protest against the injustices that pervade our lives. In unity, we will build safe spaces that shelter, empower, and inspire.

We pledge to evolve continuously as we look to the future, embracing new ideas and technologies that propel us forward. We commit to designing a future that honors our heritage, reflects our values, and fulfills the aspirations of all who join us in sisterhood.

Together, we affirm: Sisterhood is the future, and our love is the protest.
